Certifications

Making our world safer

TÜV®

TUV NORD
Certification

Certifications

The sign of quality: “TÜV tested”

TÜV NORD CERT is one of the largest independent global certification companies, with years of experience in many different sectors. Our certification procedures help clients profit from improved products and processes, while the TÜV mark itself is a superb marketing instrument – “TÜV tested” stands for quality and safety the world over.

Sector solutions

We are at home in many different sectors, including yours. We are always aware of current market developments and react fast and flexibly by offering suitable certification.
